Payments will be made based on specified deliverables as defined on page 11 of this RFP. Offerors shall complete the template including as much detailed information as possible.

It is important to note that Value Added Tax (VAT) shall not be included in the budget. These services are eligible for VAT exemption under the DAI prime contract and VAT coupons will be provided to the offeror. AIT shall be deducted as per Government of Bangladesh Tax policy.

6. Basis of Award and Selection Process**6.1 Best Value Determination**

DAI will review all proposals, and make an award based on the technical and cost evaluation criteria stated above, and select the offeror whose proposal provides the best value to DAI. DAI may also exclude an offer from consideration if it determines that an Offeror is "not responsible", i.e., that it does not have the management and financial capabilities required to perform the work required.

Evaluation points will not be awarded for cost. Cost will primarily be evaluated for realism and reasonableness. DAI may award to a higher priced offeror if a determination is made that the higher technical evaluation of that offeror merits the additional cost/price.

DAI may award to an Offeror without discussions. Therefore the initial offer **must contain the Offeror's best price and technical terms.**

Trainings will be held at AVC's offices all costs associated with the training will be born by AVC. Cost Proposal should only include the level of effort of the trainer.

6.2 Responsibility Determination

DAI will not enter into any type of agreement with an Offeror prior to ensuring the Offeror's responsibility. Prior to award, DAI will assess the selected Offeror's responsibility by taking the following factors into consideration:

1. Provide evidence of the required legal registration to operate in Bangladesh.
2. Evidence of a DUNS number (explained below and instructions to obtain the DUNS number in Attachment E).
3. Offerors are encouraged to start the process for SAM registration for avoiding delay of contract signing after the final selection. As SAM registration process takes one to two weeks and mandatory for contract awarding. Please see the instructions in Attachment G.
4. The source and nationality of the products or services are not from a Prohibited Country (explained below).
5. Have adequate financial resources to finance and perform the work or deliver goods or the ability to obtain financial resources without receiving advance funds from DAI.
6. Ability to comply with required or proposed delivery or performance schedules.
7. Have a satisfactory past performance record.
8. Have a satisfactory record of integrity and business ethics.
9. Have the necessary organization, experience, accounting and operational controls, and technical skills.
10. Have the necessary production, construction and technical equipment and facilities if applicable.
11. Be qualified and eligible to perform work under applicable laws and regulations.

6.3 Selection Process

All proposals shall be received and remain unopened until the due date. All proposals shall be stored in a secure and locked location. On the due date, all proposals shall be opened by the Procurement Officer and shall be witnessed by at least one other project employee. All proposals will be reviewed for initial completeness.

An Evaluation Committee comprised of a minimum of three (3) people shall be established, and each committee member will receive a copy of the solicitation requirements and shall sign a Confidentiality & Disclosure of Relationships form. Technical proposals will be evaluated first by individual committee members before the committee meeting. The Evaluation Committee shall review and score the technical proposals—first individually and then by consensus—based on the evaluation criteria and their respective weights. Before final evaluation, DAI may contact Offerors to seek clarification and may request revisions if the submission is insufficient.

7. Anticipated Post-Award Deliverables

Upon award of a fixed price contract, the deliverables and deadlines detailed in below table will be submitted to DAI. The Offeror should detail proposed costs per deliverable in the Price Schedule. All of the deliverables must be submitted to and approved by DAI before payment will be processed.

8. Inspection & Acceptance

The designated DAI Project Manager will inspect from time to time the services being performed to determine whether the activities are being performed in a satisfactory manner, and that all equipment or supplies are of acceptable quality and standards. The awarded firms shall be responsible for any countermeasures or corrective action, within the scope of this RFP, which may be required by the DAI Chief of Party as a result of such inspection.

9. Compliance with Terms and Conditions

9.1 General Terms and Conditions

Offerors agree to comply with the general terms and conditions for an award resulting from this RFP. The selected Offeror shall comply with all Representations and Certifications of Compliance listed in Attachment C.

9.2 Source and Nationality

Under the authorized geographic code for its contract DAI may only procure goods and services from the following countries.

Geographic Code 937: Goods and services from the United States, the cooperating country, and "Developing Countries" other than "Advanced Developing Countries: excluding prohibited countries. A list of the "Developing Countries" as well as "Advanced Developing Countries" can be found at:

<http://www.usaid.gov/policy/ads/300/310maa.pdf> and <http://www.usaid.gov/policy/ads/300/310mab.pdf> respectively.

DAI must verify the source and nationality of goods and services and ensure (to the fullest extent possible) that DAI does not procure any goods or services from prohibited countries listed by the Office of Foreign Assets Control (OFAC) as sanctioned countries. OFAC sanctioned countries may be searched within the System for Award Management (SAM) at www.SAM.gov. The current list of countries under comprehensive sanctions include: Cuba, Iran, North Korea, Sudan, and Syria. Goods may not transit through or be assembled in comprehensive sanctioned origin or nationality countries nor can the vendor be owned or controlled by a prohibited country. DAI is prohibited from facilitating any transaction by a third party if that transaction would be prohibited if performed by DAI.

By submitting a proposal in response to this RFP, Offerors confirm that they are not violating the Source and Nationality requirements of the goods or services being offered and that the goods and services comply with the Geographic Code and the exclusions for prohibited countries outlined above.

9.1 Data Universal Numbering System (DUNS)

There is a **mandatory** requirement for your organization to provide a DUNS number to DAI. The Data Universal Numbering System is a system developed and regulated by Dun & Bradstreet (D&B) that assigns a unique numeric identifier, referred to as a "DUNS number" to a single business entity. Without a DUNS number, DAI cannot deem an Offeror "responsible" to conduct business with and therefore, DAI will not enter into a subcontract/purchase order or monetary agreement with any organization. The determination of a successful offeror/applicant resulting from this RFP/RFQ/RFA is contingent upon the winner providing a DUNS number to DAI. Offerors who fail to provide a DUNS number will not receive an award and DAI will select an alternate Offeror.

All U.S. and foreign organizations which receive first-tier subcontracts/ purchase orders with a value of \$25,000 and above **are required** to obtain a DUNS number prior to signing of the agreement. Organizations are exempt from this requirement if the gross income received from all sources in the previous tax year was under \$300,000. DAI requires that Offerors sign the self-certification statement if the Offeror claims exemption for this reason.

For those required to obtain a DUNS number, see Attachment E - Instructions for Obtaining a DUNS Number - DAI'S Vendors, Subcontractors

For those not required to obtain a DUNS number, see Attachment F: Self Certification for Exemption from DUNS Requirement

9.2 SAM Registration

System of Award Management (SAM) registration is recommended but not required for grants and cooperative agreements for all USAID partners and its sub-awardees. It is mandated in ADS 303.3.9. Offerors are requested to provide DAI SAM registration confirmation prior to first payment. SAM registration should be completed as a public entity using organizational information as opposed to private entity and/or personal information. SAM registration proof will be requested of all awarded offerors upon signing of a fixed price contract with DAI. Please note that this is advised but not required like DUNS registration for contracts above \$25,000. Please review Attachment G for instructions on SAM registration.

10. Procurement Ethics

Neither payment nor preference shall be made by either the Offeror, or by any DAI staff, in an attempt to affect the results of the award. DAI treats all reports of possible fraud/abuse very seriously. Acts of fraud or corruption will not be tolerated, and DAI employees and/or subcontractors/grantees/vendors who engage in such activities will face serious consequences. Any such practice constitutes an unethical, illegal, and corrupt practice and either the Offeror or the DAI staff may report violations to the Toll-Free Ethics and Compliance Anonymous Hotline at +1 855-603-6987, via the DAI website, or via email to FPI_hotline@dai.com. DAI ensures anonymity and an unbiased, serious review and treatment of the information provided. Such practice may result in the cancellation of the procurement and disqualification of the Offeror's participation in this, and future, procurements. Violators will be reported to USAID, and as a result, may be reported to the U.S. Department of Justice to be included in a Restricted Parties list, preventing them from participating in future U.S. Government business.

Offerors must provide full, accurate and complete information in response to this solicitation. The penalty for materially false responses is prescribed in Section 1001 of Title 18 of the United States Code.

In addition, DAI takes the payment of USAID funds to pay Terrorists, or groups supporting Terrorists, or other parties in exchange for protection very seriously. Should the Terrorist, groups or other parties attempt to extort/demand payment from your organization you are asked to immediately report the incident to DAI's Ethics and Compliance Anonymous Hotline at the contacts described in this clause.

By submitting an offeror, offerors certify that they have not/will not attempt to bribe or make any payments to DAI employees in return for preference, nor have any payments with Terrorists, or groups supporting Terrorists, been attempted.
